WHY JOIN LEADERSHIP GIVING?

You can reach further with United Way

Our work goals achieve measurable results changing the lives of many families in the North Penn and Indian Valley communities. For example, when you help all students succeed academically, you improve high school graduation rates and community safety.

United, we can achieve anything!

We know it takes an entire network to drive change and keep our community healthy. United Way is a leader in mobilizing volunteer partners throughout the North Penn and Indian Valley communities.

You Make our Vibrant Community Safer and Stronger

Leadership Donors have access to diverse and meaningful volunteer opportunities through United Way. Members learn more about our goals by volunteering at any of our partner agencies or by joining one of our volunteer committees alongside other community and business leaders. You'll have the opportunity to share your expertise and personal experiences to identify strategies that will help us make progress on the work we are doing around Education, Income and Health.
